December 13 – Wisdom

Scripture:

**Proverbs 1:5 Let wise people listen and add to what they have learned.  
(NIRV)**

Message:

**As we go through life, we try to make things better and better so that life can be a lot more comfortable. We try to get more money, more food, more clothes and other things. While we try to gain more of the material things, it is also important to try to gain the many Godly things in life, one of which is wisdom. Just as we ask our parents to give us the material things of life, we should be as diligent in asking God for things such as peace, joy and wisdom. It is these and others qualities that make the world of difference.**

**Wisdom is indeed important as it helps us to make the best choices, the best decisions and to do the best thing in a situation. When we ask God for wisdom, He gives us the ability to see deeper, to think deeper and not to take things for granted. There are times when we need to do more, to see more and to learn more. With the wisdom from God, we will be able to do much more.**
