**Scripture:**

**Psalm 96:4,9 The Lord is great. He is really worthy of praise. People should have respect for him as the greatest God of all. 9 Worship the Lord because of his beauty and holiness. All you people of the earth, tremble when you are with him (NIRV)**

**Message:**

**God is great and is able to do great things for us. He created the earth and He created us. God gives us all the things we need so that we are able to live. This is why we need to give Him thanks and praise every day for when times are good, God is there to share with us. When times are sad, He is there to comfort us. When times are bad, He is there to make it right again. God is able to keep us from harm and danger so that we will not be hurt. There are so many things which may harm us if we are not careful. There are even friends who may try to lead us into danger. But God will protect us when we seek Him out and ask Him for His help.**

**There is no other God like Him. There is no other God but Him. We must worship God and show Him how much we love Him. And we must love God not just for what He can do for us, but for what He means to us. When we feel sad, alone or are hurting, we can go to God. When we are happy, we must say a special thanks to Him. Whether the times are good or bad, always praise and worship God. He is never far from us, but is right there besides us. He is a great God, give Him the chance to do great things with us and for us.**
