FUNCTION

November 29 – Do not be a false witness against your neighbour.

Scripture:

Exodus 20:16 Do not be a false witness against your neighbour. (NIRV)

Message:

To tell lies is to do what is wrong in the sight of the Lord. To tell a lie is to hurt someone, to say what is not true. Imagine if someone says something about you that is not true, that is totally false. That would hurt your feelings and you would not believe anything that person says again. It may even destroy a friendship. You must not tell lies or say what is not true about people or situations, it is wrong to give anything but the true picture.

Do not twist the truth to satisfy yourself or to try to get out of trouble. Always tell the truth even if you may be punished for it. To tell the truth is to do the right thing and God will be pleased. To tell a lie may be to make the situation worse or to hurt someone's feelings. To tell the truth is always the better way and the better way is God's way. Always seek to do the things that are pleasing to God and you will be blessed.
