FOCUS

October – Be Salt

Scripture:

Matthew 5:13 You are the salt of the earth, but if the salt loses its savour, with what shall it be salted? It is no longer good for anything, but to be thrown out and to be trodden underfoot by men. (MKJV)

Message:

Knowing the importance of salt, God has added the right measure of salt to our lives. To each of us, He has given what we need not just to survive, but to live rich and full lives. God has freely added salt to our lives and it must not be kept to ourselves. To express that flavour is to give to others as freely as God has given to us. To keep the flavour that God has given to us is to be selfish with our gifts, skills and abilities.

What we have been given by God is to be shared so as to add meaning to the lives of others. Because we have been given different gifts, when we put our different abilities together it becomes more efficient, significant, even more powerful. When we do not use the salt it can lose its flavour and become useless. When we do not use our gifts and skills, we become ineffective and even lose our flavour. Use the salt God has given to us to add meaning to our own lives and to the lives of others.
