**Romans 12:15 "Be joyful with those who are joyful. Be sad with those who are sad." (NIRV)**

#### **Message:**

**Persons go through different emotions depending on what is happening in their lives at the time. You too have your various emotions as a result of what is happening with you. When things are wonderful and going according to plans, you are happy. If all is working out as you want it, then you celebrate. However, when things go in the opposite direction, you are sad. When someone close to you dies, you miss them. If you did a test and your marks were lower than you wanted, it makes you sad. It can make you miserable or glad.**

**The other people around you also have their happy moments and their sad times too. We must try to reach out to them so that they do not feel alone in their sad times. We reach out to them in their happy as well as any true friend would do. It is good when things are not going too well with us and someone is there to make it better. So too friends and family would love it when we are there for them as they need us, when they are feeling down. Celebrate with them and be happy when they are happy for it is a good feeling to share all around.**
